A part of their program will be of standard art songs. All are college graduates. Their costumes are gorgeous and very expensive.

VOTE FOR W. D. BAILEY

FOR County Judge

OF BATH COUNTY

Subject to the action of the Democratic party

Primary election August 6th, 1921

Your votes and influence, both gentleman and ladies, are respectfully solicited by me for this nomination.

I do not belong to any individual or clique. I stand for law and order, truthfulness in all matters, sobriety, and for the great common people of Bath county. I stand for an honest, clean election without the use of either money or whisky or any means of rascality.

I stand for better roads for the amount of money that has been spent for road purposes in Bath county during the present administration of four years, and I stand for lowering the county tax rate to figures in keeping with the times, and I stand for an efficient and economical administration of the road fund, and stand for more of the tax money collected for road purposes to be spent for work on our turnpikes and dirt roads and bridges; and less of the taxpayers' money spent for some kinds of worthless machinery and other unnecessary expenses; I stand for the day laboring man to receive fair and just wages for his labor in proportion to the cost of living, keeping within the times; I stand for all officers doing their sworn duty, as officers, and I am against raising the salary of any county official above the salary under which he was elected, unless he is willing to give extra service and does give extra service for the benefit of Bath county and its taxpayers over and above that which he was elected to do or to give to Bath county and its taxpayers; I am against standing in 50 in 50 at the expense of the taxpayers of the county, if this has been done by any official, I say if I am nominated and elected as your County Judge that I will not hold back in the treasury a portion of the taxpayers' money for the purpose of saying that when I went out of office I left so much money in the treasury when such amount of money should have been spent for work done on our turnpikes and dirt roads and our bridges or for any other necessities for Bath county for which the tax money is collected, for knowing this to be right and believing that this will meet with the approval of the voters and taxpayers of Bath county for the taxpayers have paid that money for that purpose, and if that money is left lying in the treasury the taxpayers are not receiving value for the tax money which they are paying for that purpose.

I say that this tax money should be used for the purpose for which it is collected and not left lying in the treasury and taxpayers not receiving any reward for that portion of the tax money held back. I am in favor of the Midland Trail coming through Bath county, and favor Federal and State aid, and if nominated and elected I will use all honorable means in my power to get Federal and State aid at all times to assist in making better roads like some of our sister counties in Kentucky are receiving. We should have been receiving both Federal and State aid at this time if it had been properly looked after. I desire to say to the taxpayers and voters of Bath county that if I am nominated and elected it will be only a short time until Bath county will be receiving both Federal and State aid. I am against using the greater part of the road fund on certain roads and but very little money on the other roads. Many people paying taxes have no turnpikes and but very poor dirt roads. The allotment of the road fund should be changed to some extent.

I never failed at any time to give a free donation for the benefit of our soldier boys during the great World war, and I never failed at any time to give my little mite to the poor and needy and unfortunate who could not help themselves, and I have never failed to pay a minister of the Gospel for his services and great good work done in trying to save poor sinners' souls from torment.

In conclusion let me say to my friends keep on pressing the button for I am going to win this nomination for County Judge, so both ladies and gentlemen, please cast your votes for me for County Judge on the 6th day of August, 1921. You will find my name on the ballot till the polls close. All reports circulated by my enemies that I going to assess property higher this year than I did last year are untrue and without foundation, as all tangible property, land, town lots and live stock have decreased in value and will be assessed by me for less money than last year, 1920, this year being 1921

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Camden, Okla.—"I have used Thedford's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma farmer. "It is one that I know to be reliable. I use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Thedford's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps to increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

firm is such as that of Goodpastor & Co., who help to bear the burden of taxation, assist you in all laudable enterprises and are always ready to help to push your interests forward with irresistible energy. This is one of Bath county's greatest dry goods and clothing emporiums. It was established under favorable auspices in 1894 and has well deserved success from the first, and because of the fact that it has been the policy of the management to handle only goods of known quality and feature moderate prices. It has pursued a code of business ethics that has inspired confidence and is today a favorite shopping place with hundreds of people in Owingsville and surrounding country. This firm clothes the family completely from head to foot and if the firm has a motto at all, it is probably, "To Meet All Your Wants in Their Line All the Time."

There is much in the arrangement of the store. It has its effect on the public. Modern fixtures are in use in the store of Goodpastor & Co. and the interior of their establishment is a combination of taste and convenience. The building in which they are located is finely adapted to their needs and is a brick structure dimensions 40 x 100 feet. The large stock carried comprises dry goods, notions, furnishings, Men, Ladies and Childrens ready-to-wear, Hats, Caps, Shoes, etc. The store makes a special feature of Leach and Walker over shoes for Ladies A. E. Nettleson shoes for men, Mrs. A. R. King shoes for children, Niagara Madi-Oxyx and Black Cat Hosiery, Arrow-Shirts and Collars, Knox and Stetson hats, Michael Stern & Co. ready-made clothing for Men and Young Men and American Clothing Co. suits for boys.

If one were to drop into the establishment almost any day he would realize at once what we mean when we say this in one of the busiest firms in the county. With its clerks all busy and a host of customers waiting on or looking over their line of goods, it presses home the conviction that this firm is loyal to the people, the people are investing in a little loyalty themselves—and both sides of the question are finding that it pays.

The firm of Goodpastor & Co., is owned by J. B. Goodpastor and S. A. Patterson. Mr. Goodpastor is president of Farmers Bank of Owingsville. Mr. Patterson is the active manager of the business and owns considerable farm property in this locality. He is an enterprising and conscientious business man who is ever alert to the advancement and progress of the community in which he is operating.
